- CIG received reports that there are some protesters at the airport. Trucks with flags circling like they did yesterday.
- CIG OSINT has located multiple social media responses to the State of Emergency announcement declared by Doug FORD, Premier of Ontario. Multiple tweets have been located showing an overwhelming support for the announced penalties. However, there is a significant amount of negative sentiment towards the announcement as well. CIG will continue to monitor the topic.
- CIG OSINT located tweets discussing an alleged Code Orange invoked at Windsor, ON hospitals. However, CIG has not been able to corroborate any invoked Code Orange alerts at Windsor hospitals. The Windsor Regional Hospital identifies Code Orange as an alert when “[the hospital] has been notified that a disaster has occurred in the community – no casualties have arrived yet.” Level I to III is assigned to Code Orange alert to signify the number of casualties received or the degree of normal hospital routine has been impacted as a result of the disaster.
